

BALDWIN RICHARDSON FOODS CO.

September 25, 1998
Mr. Steve Schultz
Sanitation Manager

For the Owners and Workers of Indoor Air Technologies;

I wanted to take the time to thank you for the outstanding work that you have done for the Baldwin Richardson Foods Company. Your Company should be commended for not only being professional but being affordable and extremely efficient as well.

I was searching for a Company to clean the Ventilation systems that serve our production and processing areas. While researching I met and discussed the work with your company. I was surprised that you were willing to do as much work as was quoted. I was equally surprised with the lack of work that was offered by the other companies. The work was to consist of tremendous amounts of hand cleaning and preventative maintenance, with a price tag that was half of the other quotes received.

In short, I was thrilled with the work that was performed, and the professional attention that was given to the job. You were able to work around our schedule as well as on weekends. I plan to continue doing business with IAT and wish you the best of luck. Please feel free to use this letter as a recommendation as I would be more than happy to speak with any potential customers.

Thanks for the Service!!

Steve Schultz
