HOLY TRINITY CHURCH
1480 RIDGE ROAD EAST
WEBSTER, N. Y. 14580

Mr. Eric R. Patchke
Building and Properties
Diocese of Rochester
1150 Buffalo Rd.
Rochester, N.Y. 14624-1890

Dear Mr. Patchke:

Recently we hired Indoor Air Technologies to clean the air handling systems of our church and the rectory/office complex. To my knowledge these had never been cleaned since they were installed about 30 years ago, and we had some concerns about the healthfulness of the air we were breathing. I enclose copies of the specifications provided beforehand and the written summary of the conditions uncovered.

Those on the staff here who were involved in any way with this project were very pleased with both the demeanor and the competence of the young people who actually performed the work. Our maintenance man was impressed with their thoroughness and their desire to do the best job possible. We would not hesitate, based on our experience, to recommend this company highly to other parishes considering a project of this kind.

Sincerely yours,

Thomas F. Nellis

Rev. Thomas F. Nellis, Pastor
