Re: Pender HS Renovation
Duct Cleaning & Encapsulation

Mr. Melton,

I would like to take the time to thank IAT for the services provided on the above reference project. Your crew's work ethic and the foreman ability to communicate on site prove you are professionals amongst your trade. They were organized, focused and had the knowledge to promptly conquer your task.

IAT was very thorough from the start of our negotiations through project completion, clean up and demobilization. Your crew and your foreman politeness, timeliness and professional appearance shows that they take pride in the work they perform and the Company they represent.

TA Woods has highly recommended your Company to our local engineers and Owners requiring ductwork remediation and will continue to do so in the future. We look forward to an opportunity to work with you again in the future.

Regards,

T.A. Woods Company
