**Importance:** High

IAT performed excellent. Not only were they extremely professional, they stayed within our budget and clean-up on a daily basis. Each evening they left our sites in great shape. If I had to rate them 1-10, it would be 9.5. The other ½ point is because of payrolls corrections. We were very pleased with this firm and look forward in working with them again.

Mrs. Laurette Corbyons,

Dear Laurette,

The reason, I sending this email is a company by the name of Indoor Air Technologies recently bid a project in our building to do some duct cleaning. They listed you as a reference.

If you could take a minute or two and let me know what your experience with them was.

Thanks

Mike LaForest
